Yan GRASSELLI
Associate Professor

Academy: Digitalization

Campus: Sophia Antipolis

Email: yan.grasselli@skema.edu

Research interests

Soft Condensed Matter including Rheological and Nano Rheological behaviors of fluids, Granular Materials, Electrical and Magnetic field induced properties of smart fluids.

Teaching interests

Applied Mechanics: Deformable Solids, Applied Mechanics: Dynamics, Business and Economics Calculus, Mathematics for Business and Management, Physics I, Physics II

Education

1993	Doctorate in Soft Condensed Matter, Université Côte d'Azur, France

Experience

Full-time academic positions

Since 2000	Associate professor, SKEMA Business School, France

Other academic affiliations and appointments

Since 2017	SKEMA BBA Director, SKEMA Business School, France
2014 - 2017	Deputy Director of the Bachelor Programme, SKEMA Business School, France
2009 - 2014	Academic Head Bachelors programmes, SKEMA Business School, France
2005 - 2009	Head of the mathematics & computer science dept. - Bachelors programmes, SKEMA Business School, France
1996 - 1999	Researcher at ICA1 - Post Doc, Universität Stuttgart, Germany

Other professional experiences

1999 - 2000	Network engineer, IBM, France

Research grants, Awards and Honors

Awards and Honors

2009	Award pedagogical innovation, SKEMA Business School, France

Publications

Peer-reviewed journal articles

BOSSIS, G., VOLKOVA, O. and GRASSELLI, Y. (2024). Discontinuous Shear Thickening of Suspensions of Magnetic Particles in Relation to the Polymer Coating on Their Surfaces. *Colloids and Interfaces*, 8(3), pp. 33.

BOSSIS, G., CIFFREO, A., GRASSELLI, Y. and VOLKOVA, O. (2023). Analysis of the rheology of magnetic bidisperse suspensions in the regime of discontinuous shear thickening. *Rheologica Acta*, 62(4), pp. 205-223.

BOSSIS, G., GRASSELLI, Y. and VOLKOVA, O. (2022). Capillary flow of a suspension in the presence of discontinuous shear thickening. *Rheologica Acta*, 61, pp. 1-12.
